## PRESIDENT'S REPORT

April was another busy month for the club, with a members' raku firing (see page 3) and ongoing pottery classes, as well as preparations for our annual Mother's Day Fair (see below). The fair will be held on Saturday 10 May, from 8am to 2pm – we hope to see many potters taking part and selling their beautiful creations.

Exciting news on the clubhouse front: Cairns Regional Council has given us the go-ahead to extend the building! The plan is to create a larger kiln room to better support members' firing needs. We'll now begin the process of applying for funding, so it may take some time – but we're hopeful we'll secure a grant to bring this project to life.

## MOTHERS DAY POTTERY FAIR - Sat 10 May 2025

### Stallholder information:

Please arrive early, around 7am, to set up your table and secure a good spot. If you need a table for your display, contact Lone White on 0740 537 508 or at [lone@tpg.com.au](mailto:lone@tpg.com.au) to reserve one – there are limited tables available.

You're welcome to sell other handmade or homegrown items in addition to pottery, such as glasswork, paintings, jewellery, plants, fruit, etc.

To sell your work at the Fair, you'll need to bring a **sales sheet** with your name and contact details. Sales sheets are available at the clubhouse, can be emailed to you, or downloaded from our website.

Be sure to:

- Include your initials on the sales sheet (these should match the ones used on your item stickers).
- Label every item with a sticker showing the **price, item number, and your initials**.
- Drop off your completed sales sheet at the **Sales Table** when you arrive.

The club retains a **20% commission** on all sales.

You're not required to stay with your work all day, but being present helps promote your items. All purchases will go through the sales table – and if you've got time, please consider helping out there. The Fair wraps up at **2:00pm**, so please collect any unsold items and help tidy up the grounds. Even if you're not selling, we'd love your help for a few hours – it's a great way to connect with fellow potters and keep up with club news.

We're also looking for volunteers during the day to run **clay play activities for kids** – let us know if you're keen to help!

## MEMBERS RAKU FIRING April 26, 2025

Club members who came along to the raku day had a busy and exciting time experimenting with a variety of raku glazes, which were prepared the Wednesday beforehand. Some striking pieces were pulled from the kiln at 1000°C! We did run into a hiccup with the gas cylinder, but Geoff Riley came to our rescue – thanks to him, we managed to complete two firings. A big thank you to Geoff for stepping in and helping out, and John and Sandra for the photos!

## CLAY AND MATERIALS ORDER

The club's order to Walker Ceramics and Picasso's Ceramics was placed late last month. The Walker Ceramics order is already on its way, but the delivery from Picasso's Ceramics may take a bit longer to arrive. We'll keep you updated as soon as we hear more.

Members are not to place the order to supplier directly asking for their requirements to be added to the initial order placed by Lone. Members are advised that they **must order through Lone**, as she ensures that orders do not weigh more than 1 tonne to satisfy the freight agreement.

## MESSAGE FROM TREASURER

Mark, our Treasurer requested that members be reminded that when making any payments to the club online that they show their name, membership number and full details of what the payment is for, so he can apportion them correctly.

## SHELVES AWARENESS!

Please make sure you're putting your ceramic work on the *right* shelf (not just the one closest to your arm's reach). Look for the labels under each shelf to know what goes where. Here's the breakdown:

- **Drying shelves** – label your work clearly with your name and date. (Work in progress form)
- **Bisque firing shelves** – for bone dry greenware ready to be fired.
- **Glaze firing shelves** – for bisque pieces that are glazed and ready for their final firing
- **Collection shelves** – for picking up your finished bisque or glaze-fired work.

Thanks for keeping the club flowing smoothly!

## Catherine Louison

Catherine Louison has always been interested in arts and crafts, thoroughly enjoying the learning and making processes. She has been interested in pottery since 2014 when she found an inspiring pottery studio on the Island of Santorini whilst on a Mediterranean cruise. Returning to Australia she investigated classes and the purchasing of materials. It was a slow start as working full time left little opportunities to really engage in learning and practicing pottery.

Now semi-retired Catherine has more time to devote to pottery. Through attending Tafe and the Cairns Potters Club she has been continuing to explore her fascination with clay, glazes and various techniques. For her it's a wonderful never-ending learning and experimenting journey. She has tried many clays, glaze, techniques including Nerikome, and participated in Raku and pit firing. Catherine has an eclectic collection of pieces, striving to learn new techniques and producing a successful piece through continual practice and determination.

Catherine says she knows she has a long way to go to achieve the level she aspires to but enjoys every part of the journey. The mud, the water, the mess, the disasters and the very satisfying successes are all part of the experience, with a great friendly supportive community sharing the journey. She has made many wonderful friends through her pottery endeavors.

Catherine has more recently become involved with the Cairns Potters Club, taking on the Vice President's role this year. She says "It feels like I have found my tribe, with all the very kind and welcoming passionate dedicated potters in the club community. Working together to make learning, facilities and resources available to all who are interested. The club has some very exceptional potters who share their expertise and knowledge. And many wonderful novices like me are so eager to share, learn and enjoy making their art whilst having some fun. Through the workshops and applying the craft I am seeing the world through different eyes. I just wish I had discovered pottery 50 years ago."
